Experience

PSEG

Apr 2022 - Aug 2025

Process Analyst / Tableau Developer / Data Analyst

- Directed the end-to-end migration of enterprise datasets into Tableau using Microsoft SQL, enhancing data accessibility and enabling data-driven insights for cross-functional teams.
- Developed and maintained a suite of Tableau dashboards for Customer Care operations in PSEG New Jersey, translating complex data into actionable business metrics.
- Collaborated with regional teams to adapt and replicate dashboards, ensuring consistency and scalability while meeting diverse business needs.
- Engineered automated data workflows that streamlined processes and reduced manual intervention by over 1,500 hours annually, reinforcing data reliability.
- Instituted a comprehensive Tableau onboarding program to empower new users with self-service analytics and foster a culture of informed decision-making.

Magnolia AV (Best Buy)

Jul 2018 - Oct 2021

AV System Designer Engineer

- Designed and customized AV system solutions by analyzing customer requirements and translating technical specifications into effective, scalable solutions.
- Conducted in-home consultations to extract technical insights and optimize sales outcomes, ensuring customer satisfaction through targeted recommendations.
- Coordinated quarterly budget projection and planning meetings, aligning financial planning with operational objectives and strategic project delivery.

Best Buy

Mar 2017 - Jul 2018

Home Theater Sales Supervisor

- Directed and mentored a team of 15, implementing performance metrics and data-driven coaching strategies that doubled annual revenue from \$3M to \$6.5M
- Ranked #2 nationally among all Home Theater departments; recognized with company-sponsored "Achievers" leadership retreat for exceptional performance
- Leveraged sales data and KPIs to refine product strategies and customer engagement methods

Leadership & Activities

PSEG

Jun 2024 – August 2025

Program Contributor

- Assisted in the development and execution of a company-wide initiative to educate employees on data visualization best practices and Tableau dashboard usage
- Authored a comprehensive "how-to" guide for onboarding new employees, simplifying the learning curve for navigating and interpreting Tableau reports
